

## Pharmacy, simplified

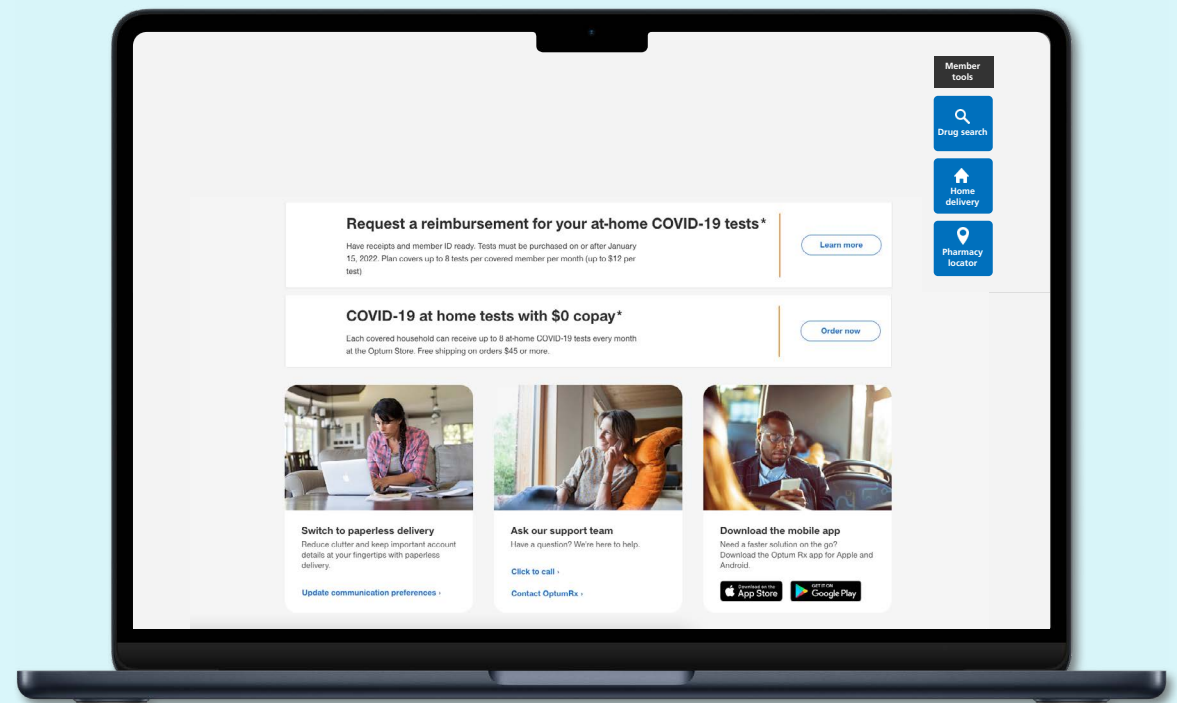

The Optum Rx website and mobile app are packed with self-service tools that make it easier for members to understand and use their pharmacy benefits.

**These personalized tools can help you:**

## Quick actions

The home page shows the most-used buttons, along with centralized account information, making it easy for members to take quick action.

# Pharmacy self-service

Managing pharmacy benefits, including costs, has never been easier.

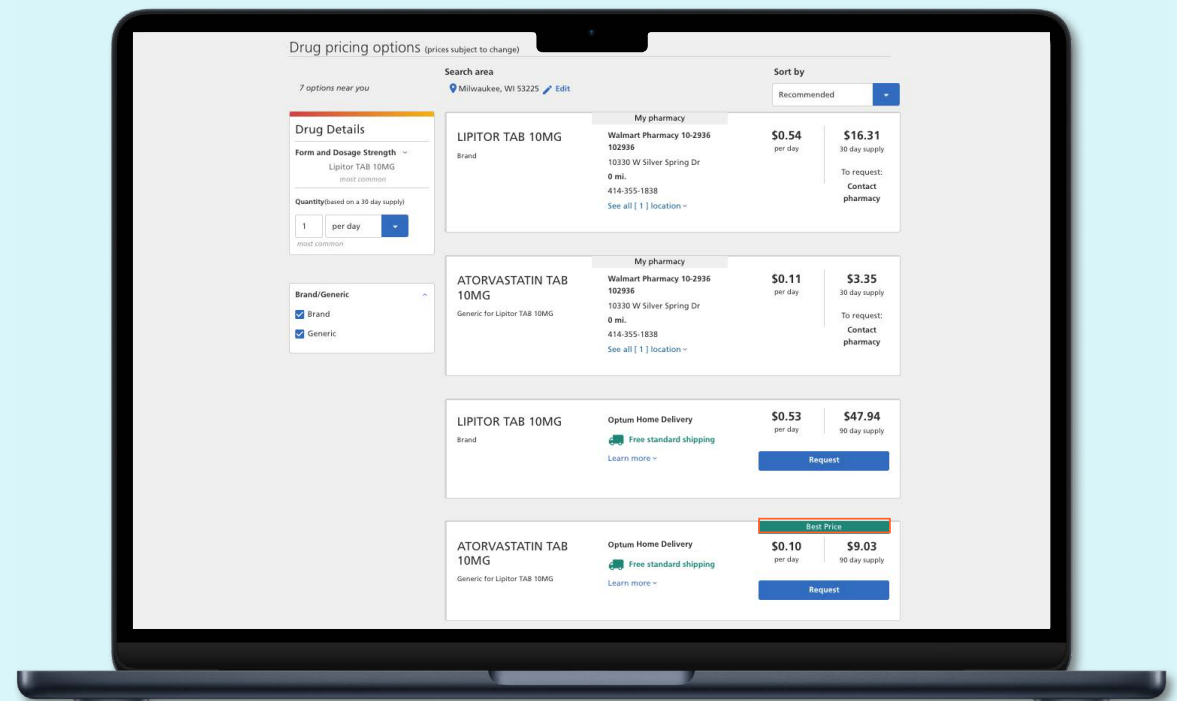

We've packed the Optum Rx website and app with self-service tools, drug and benefit details, and personalized information.

## Drug pricing

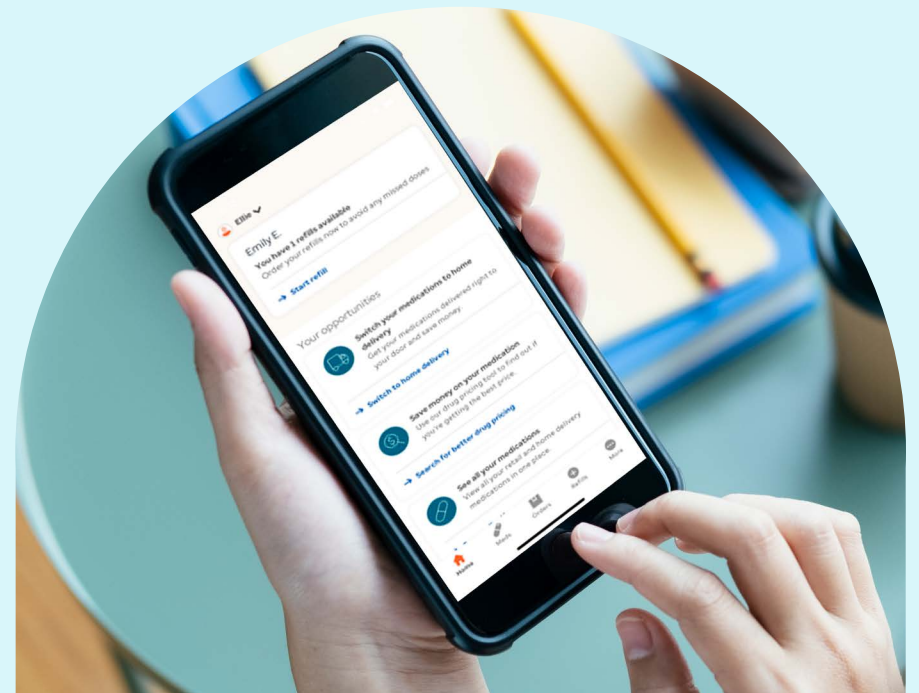

The pricing tool gives members the information they need to understand medication costs, including:

- Home delivery pricing
- Retail pharmacy pricing
- Per 30-day supply pricing
- Per 90-day supply pricing (if applicable)

# Mobile convenience

The Optum Rx app has the same tools as the member website – and more.

**Empowering members to manage their care from anywhere, anytime.**

**Push notifications**  
Members can opt in to reminders about medication refills or renewals, as well as status updates orders.

**Fingerprint and face recognition ID**  
Once they've signed in using their HealthSafe ID® for the first time, members have the flexibility to enable fingerprint or face recognition for secure single sign-on app use in the future.

## Always evolving

Digital platforms designed to support accessibility, affordability, and treatment adherence from anywhere anytime.

We'll keep enhancing these tools – and develop new ones – so members have the information, resources and power to make knowledgeable decisions that can help them save money and manage their health.
